

RESA POWER™

Reliable and Safe. The Power of Us.

RELIABILITY

RESA Power specializes in electrical power solutions to ensure safe, efficient and reliable generation, transmission and distribution of power. We have provided electrical solutions to thousands of companies throughout the United States and Canada on both a routine and a 24/7/365 since 2003.

ENGINEERED SYSTEMS

Design. Manufacturing. Installation. Offering mission-critical MRO solutions designed to extend the life of vital electrical systems.

CRITICAL PREVENTIVE SERVICES

Proving transformer oil testing and maintenance services essential to power systems health.

HIGHLY SKILLED NETA CERTIFIED TECHNICIANS

Our RESA Power service subsidiary provides preventive maintenance and acceptance testing services of both new and older power components and systems.

HARD-TO-FIND VINTAGE COMPONENT INVENTORY

Provider of new, reconditioned, and obsolete circuit breakers, electrical distribution, and control equipment from our vast inventory.

TRANSFORMER OIL TESTING LAB SERVICES

Our laboratory offers a full range of transformer oil tests in accordance with ASTM Standard Test Procedures and diagnostic recommendations are based on IEEE Standard guidelines.

RESA POWERTM

Reliable and Safe. The Power of Us.

RESA Power strives to be the premier, first-choice, trusted provider in the U.S. and Canada for critical power services and products by delivering the best customer and employee experience in the industry.

Switchgear-Low & Medium Voltage

- ✓ Preventative Maintenance Services
- ✓ Ground Fault Testing & Inspection
- ✓ Circuit Breaker Testing & Rebuilding
- ✓ Bolted Pressure Switch Maintenance
- ✓ Trip Unit Retrofit Services
- ✓ Switchgear PM & Testing
- ✓ High Voltage Switch PM & Testing
- ✓ New Installation, Match & Lineup
- ✓ Authorized OEM for ABB, Eaton, GE, Schneider Electric, Siemens & Toshiba

Breaker, Switchboard, MCC Repair & Rebuild

- ✓ Repair, Remanufacture & Upgrade All Switching & Control Assemblies
- ✓ Remanufactured to Like-New Condition to Meet or Exceed Manufacturers Specs
- ✓ Low Voltage Breaker Over Current Retrofits
- ✓ Loaner/Spare Breakers for Refurbishment Programs
- ✓ 24/7 Emergency Apparatus Repair
- ✓ Power Distribution Field Repair

Testing & Engineering Services

- ✓ Power System Analysis
- ✓ Power Quality
- ✓ Arc Flash Hazard Analysis/NFPA 70E Compliance
- ✓ Design Services
- ✓ Electrical Safety Training
- ✓ Forensic Analysis
- ✓ Assorted Electrical Engineering Services

Laboratory Testing Services

- ✓ Dissolved Gas Analysis
- ✓ Karl Fischer Water Testing
- ✓ Dielectric Testing
- ✓ Power Factor & Furan Test
- ✓ Dissolved Metals
- ✓ On-site Sampling, Inspection & Repairs
- ✓ Leak Repairs & Clean Up
- ✓ Hot Oil Reconditioning
- ✓ De-gasification of Oil
- ✓ Inhibitor Injection

Low Voltage Components

- ✓ New & Refurbished Stock
- ✓ 1940 Vintage - Current
- ✓ Circuit Breakers & Parts
- ✓ Molded/Insulated Case Breakers
- ✓ Air & Vacuum Breakers
- ✓ Motor Control Buckets & Parts
- ✓ MCCs Components

Transformer Services & Repair

- ✓ Full Electrical Testing & Services
- ✓ 24/7 Emergency Service
- ✓ Doble® Power Factor Testing
- ✓ Transformer Component Repair
- ✓ Full Electrical Testing & Services
- ✓ On-Site Equipment Evaluation
- ✓ Vacuum Filling & Commissioning
- ✓ Energized Oil Processing
- ✓ New & Used Transformer Sales
- ✓ Emergency Transformer Rental
- ✓ Insulation Dry-Out
- ✓ Load-Tap Changer Services
