RESA Power specializes in electrical power solutions to ensure safe, efficient and reliable generation, transmission and distribution of power. We have provided electrical solutions to thousands of companies throughout the United States and Canada on both a routine and a 24/7/365 basis for the last 18 years.

Transformer Services West

Western Utilities Transformer Service has provided quality service and repair since 1985, our commitment to detail and customer satisfaction has developed strong relationships with most of the US manufacturers of electrical power and distribution equipment.

Our support to the end users after the warranty period has enabled the manufacturers to maintain a good relationship with their customers by extending the life cycle of their electrical assets.
