

CIRCUIT BREAKERS

NEW, REFURBISHED & USED

RESA Power specializes in new, used and remanufactured circuit breakers. From draw out construction to station class, we stock it, including all manufacturers and types.

-  Complete inspection, disassembly, reassembly and final testing are performed in one of RESA Power service centers nationwide.
-  All parts are cleaned, abrasive blasted, re-coated, re-plated, and reassembled for testing by our skilled technicians.
-  The handle mechanism is disassembled into each element part and carefully inspected.
-  Rebuilt to manufacturers' specifications and tested to NETA standards.
